96th Independence Day to be Observed with Enthusiasm

KABUL: - The Ministry of Defence (MoD) on Saturday said that special arrangements had been put in place to celebrate the 96th Independence Day with zeal and enthusiasm. Speaking to reporters, Dawlat Waziri, deputy spokesman at the MoD, said the special celebrations would be made this year in which high ranking government officials, diplomats and foreign envoys would be invited. It would be the 19th August 1919 when King Amanullah Khan declared Afghanistan as an independent state giving a clear message to the British Empire that Afghanistan was not their colony. Since 19 August is celebrated as the country's Independence Day, addressing a press conference, Waziri rejected Pentagon report about surge in Afghan security forces civilian this year. The report said that 3,300 Afghan security men had been killed in the first six months of the ongoing year. The deputy spokesman, however, said there was slight surge in the casualties of Afghan forces as compared to previous year, but did not agree with the number mentioned in the pentagon report. He said taking full charge of security responsibilities was one of the reasons behind increased casualties. He said ... (More on P5-11)

The Uzbek government has already signed a loan agreement with the International Bank for Reconstruction and Development (IBRD) for the construction of the two plants.
Afghan Air Force Helicopters Make Combat Debut

KABUL - Afghan Air Force (AAF) MD-530 helicopters made a successful combat debut against insurgents in Nangarhar province as Afghan National Defense and Security Forces continue closing the districts of Bagram, Sherzad and Hierak districts, a spokesman said on Saturday.

The MD-530 Warrior, or "Tango," in Deut, is the newest in the Afghan Air Force’s arsenal, providing air power to support the Aghan NDS and ANA operations. The "Tango" is designated for high altitude and hot weather operations.

"The addition of armed MD-530s to the Afghan Air Force is proving the January 2013 reduction in coalition aircraft," said Capt. Cory Fike, helicopter pilot and MD-530 adviser at Task, Advisor, Assist Command-Air (TAC-Air). "It was great seeing the pride beam from the Afghan airmen as they climbed out of their helicopters from their first combat missions," Fike, a LUH-1N Huey helicopter pilot from Eustis, Wyoming, said his role as a TAC-Air adviser during operations was to assist with planning, mitigate risk, advise and coordinate with TAC-Air East advisers to support the AAF and ANA forces.

"The MD-530 was the insurgent’s number one concern in Nangarhar," he said. The delivery of the first six armed MD-530 helicopters occurred in March 2013. By early 2016, the AAF will have 16 in their inventory.
