Lessons Learnt in Afghanistan

Being Used Against IS: Obama

KARLAL - The United States is using the lessons it has learnt in Afghanistan to fight against the self-styled Islamic State, President Barack Obama said on Tuesday.

Addressing the Summit on Countering Boko Haram and Violent Extremism at the United Nations, Obama said: “We’re pursuing a comprehensive strategy that is informed by our success over many years in crippling the Al Qaeda core in the tribal regions of Afghanistan and Pakistan.”

He said the US was harnessing all its tools to combat the extremists. The Department of State has designated 10 individuals and five groups as global terrorists. All are affiliated with the Taliban.

Emotions Run High as MPs Demand Answers Over Kunduz Crisis

KARLAL - Emotions ran high in Wednesday’s session of Afghanistan’s National Jirga (Lower House of Parliament) as MPs questioned the reasons behind the collapse of Kunduz city on Monday by the Taliban.

On Tuesday, MP’s security-focused officials including National Director of Security (NDS) Hafizullah Atmar, Intelligence Minister Nasirullah Danchi, acting Defense Minister Masoom Stanekzai, National Security Adviser Haneef Atmar, and Attorney General Abdul Hadi Atmar addressed parliament.

Advise Mohammad Hadi Atmar and the Independent Director of Local Governance (IDG) chief Ghulam Ismail Popal to answer queries.

IS Advancements in Afghanistan Must be Rebuffed: EU Envoy

BERLIN - The European Union’s special representative to Afghanistan warned Wednesday that the advance of the Islamic State group in the country must be stopped before it becomes a threat to the region.

Adjunct Michael Malley wrote in a German daily Daily Die Welt that IS’s advancement in some of Afghanistan’s areas is the “beginnings to an end.” He began his own years ago. “According to the ideology and some details on the Kandahar crisis, I am so”.

US Troops Re-Enter Combat Against Taliban in Kunduz

KARLAL - Two days after Taliban fighters launched a surprise attack and took control of the northern city of Kunduz, US troops moved into the area to retake the city. The US Special Forces units are believed to have been in the city as news reports from Kabul said that the Special Forces units are believed to have been in the city and started the special forces from the US.

Trapped Kunduz City Residents Face Food, Water Shortages

KUNDUZ CITY – The trapped residents of the capital of Kunduz Province have run out of food and potable water and are struggling with a number of other problems since the Taliban seized the strategic city three days ago.

Advise Mohammad Hadi Atmar and the Independent Director of Local Governance (IDG) chief Ghulam Ismail Popal to answer questions.

US Reaffirms Support for Stable, Sovereign Afghanistan

WASHINGTON - US top counter-terrorism official Lisa Monaco on Tuesday met Chief Executive Officer (CEO) Dr. Abdullah Abdullah in the US capital to discuss the situation in Afghanistan. The two leaders met for the second time in less than a month.

In a joint statement on Monday, the US and Afghanistan said the two countries are committed to a stable and sovereign Afghanistan.

UN Wants all Warring Parties to Protect Civilians

KARLAL - The United Nations on Wednesday reminded all warring parties to protect civilians and their obligations under international humanitarian law to protect civilians from harm and to respect human rights. In the battle for Kunduz City continues, the UN’s top diplomat in Afghanistan said “reports of extrajudicial executions, including of healthcare workers, abductions, denial of medical care and restrictions on movement out of the city are particularly disturbing.”

UN Security Council’s Special Representative for Afghanistan, Sibylle Heyen, the Secretary General’s Special Representative for Afghanistan and head of UNAMA, said: “I am deeply concerned about the situation developing in Kunduz following the Taliban’s attack on Monday.”

UN Security Council’s Special Representative for Afghanistan, Sibylle Heyen, the Secretary General’s Special Representative for Afghanistan, said: “I am deeply concerned about the situation developing in Kunduz following the Taliban’s attack on Monday.”

Biden, Abdullah Confer on Military Injunctive in Kunduz

WASHINGTON - Chief Executive Officer Dr. Abdullah Abdullah on Tuesday met US Vice President Joe Biden on the current situation in Afghanistan, particularly the ongoing military operations in Kunduz province.

They discussed ongoing military operations in Kunduz and the broader security situation, the White House said. The US is working with some of the Afghan leaders on the situation in Afghanistan, including the United Nations General Assembly.

They continued on the country’s progress and confirmed the importance of urgently addressing Afghanistan’s remaining challenges. Biden stressed the Afghan government’s role in building the foundations for its health and educational systems and delivering on its promises to the people. A statement (More on Pg. 6).

**Outlook**

**Thousands Flee as Life Paralyzed in Kunduz City**

KUNDUZ CITY - The Taliban said Monday that they had seized the northern city of Kunduz, as Afghan security forces and intelligence officials said that the Taliban had taken control of the city. The city was the latest major Afghan city to fall to the Taliban, which continues to expand its control over the country.

**300 Bodies, 200 Injured Brought to Hospital**

KABUL - Public Health Minister Dr. Fawzia Afghan claimed Monday that the Taliban had killed 300 civilians and 200 injured people in the last two weeks, as afghan forces in Kunduz province said that the city had fallen to the Taliban. The Taliban said that they had taken control of the city and that they would continue their offensive in the province.

**Afghan Army to Crush Taliban in Kunduz:** Former Envoy

The Taliban has begun an offensive in Kunduz, a northern province, and is believed to have taken control of parts of the city. The Afghan army has been deployed to the area, and is reportedly battling the Taliban in the outskirts of the city. The situation is tense, and there are reports of heavy fighting.

**Afghan Journalists auf the Refugee Stream to Europe**

One hundred Afghan journalists have been forced to flee the country due to threats and violence. They are reportedly seeking asylum in Europe, where they hope to find safety and freedom. The journalists have been targeted by the Taliban, who have been explicit in their desire to silence the media. The situation is desperate, and the journalists are in need of urgent assistance.

**8 Militants Killed in Zabul, Badghis Incidents**

The Afghan army said that eight Taliban militants were killed in two separate incidents in Zabul and Badghis provinces. The army said that it had launched a joint operation with the police to clear the area and eliminate the militants. The operation is part of the government's efforts to strengthen its control over the province and to maintain law and order.

**5 Passengers Suffer Casualties in Wardak Road Mishap**

Five passengers sustained injuries when a vehicle fell off a cliff in Wardak province. The accident occurred on the Kabul-Talman road, and the victims were reportedly travelling in a minibus. The Afghan army said that it had launched a joint operation with the police to clear the area and eliminate the militants. The operation is part of the government's efforts to strengthen its control over the province and to maintain law and order.

**Outlook Forecast**

- **Economy**: Inflation rates are expected to remain high due to the ongoing conflict and the lack of a stable government. The economy is expected to contract in the near term.
- **Politics**: The political landscape is expected to remain divided, with multiple parties vying for power. The government is expected to face challenges in the upcoming elections.
- **Security**: The security situation is expected to remain tense, with ongoing conflicts and insurgent activities. The government is expected to increase its security measures to protect civilians and infrastructure.

**Outlook Horoscope**

- **Capricorn (Dec. 22-Jan. 19)**: Your ability to visualize the future is on you. You may have a clear vision of what you want to achieve, but you may not be able to manifest it. You may also be constrained by your past experiences and the expectations of others. You need to focus on your inner strength and trust your intuition.

**Aquarius (Jan. 20-Feb. 18)**: You have strived for success long enough and now you want to see tangible results. Although your ideal payoff may still be far off in the distance, practices patience and don't lose sight of the picture, the picture is not worth a thousand words. You should be patient and try to maintain your efforts.

**Pisces (Feb. 19-Mar. 20)**: Your ability to visualize the future is on you. You may have a clear vision of what you want to achieve, but you may not be able to manifest it. You may also be constrained by your past experiences and the expectations of others. You need to focus on your inner strength and trust your intuition.
International Day of Older Persons (1 October)

Turning grey into gold

By Shamsad Akhtar

Freshly elected as Prime Minister, Oli is determined to promote the rights of the elderly. He has even declared the day International Day of Older Persons.

The month of October has yet another distinctive day for the world community. This day is celebrated as the International Day of Older Persons on 1st October every year since 1994. The first day was observed on 1st October 1989, which was the date of the International Convention on the Protection of All Persons with Disabilities. The Convention on the Rights of Older Persons was approved by the United Nations on 15th December 1999. The day was established at the United Nations conference on the older persons in Madrid on 18th October 1995. The resolution by the 49th session of the United Nations General Assembly while recommending the observance of 1st October, the International Day of Older Persons, to give special attention to the rights and the participation of the older persons in society.

At the recent conference of the United Nations in New York, the delegates reiterated the importance of the International Day of Older Persons, which was established in 1994 to promote better understanding of and action to protect the human rights and promote the well-being of older persons. This day is observed to promote the principles that everyone, regardless of age, has the right to human dignity and the opportunity to enjoy a life of dignity and freedom free from discrimination and exploitation.

In the past, several seminars, workshops, and conferences have been organized throughout the country to raise awareness about the rights of the older persons. The government has also been working to promote the welfare of the elderly through various initiatives and policies. In this context, the Prime Minister, Oli, declared the month of October as the Month of Older Persons.

According to the latest census conducted in 2011, the total population of Bangladesh is estimated to be around 150 million, of which about 20 million are older persons aged 60 years and above. The government has been working to improve the living conditions of the elderly through various schemes and programs.

The Prime Minister, Oli, has emphasized the importance of the elderly in the development of the country. He has stated that the elderly are a valuable resource and should be given their rightful place in society. He has also called for the establishment of a comprehensive old age security system to provide financial security and social protection to the elderly.

In this context, the government has been working to improve the living conditions of the elderly through various initiatives and policies. In this context, the Prime Minister, Oli, declared the month of October as the Month of Older Persons.
